

STANDARD FORM NO. 64

*Office Memorandum* • UNITED STATES GOVERNMENT

25X1A

TO :

[REDACTED]

DATE: 1 December 1954

FROM :

[REDACTED]

25X1A

SUBJECT: Investigation of Desirability of New Format for FDD Economic Summary Material

1. This report goes into more than the position of ORR and incorporates items which may or may not be of value to you as you check through the problem with other Offices. If time permitted, I would rewrite it in terms of the precise ORR position which supports the idea, providing you with just the facts which make us take this position.

2. I draw your attention under IV, Discussion, to paragraphs B, C, and D. In paragraph C, we do not speak for OCD, and in paragraph A, we cannot speak for FDD. These items are included since [REDACTED] in making his quick review of the problem, felt it was desirable to coordinate a couple of his opinions with these units and received their general reactions.
